

## **A celebration of flowers at The Old Downs Residential Care Home**

**On Tuesday 19 January our residents at The Old Downs Residential Care Home came together to mark International Flower Day.**

They enjoyed doing flower arrangements with a wonderful **selection of blooms** and created their own bouquets. It was lovely to see such beautiful splashes of colour as the arrangements took shape.

Our ladies also took time to colour in some **flower pictures** and have a go at constructing some **foam flower arrangements** too, which look so effective.

*A 'blooming' marvellous time was had by all!*
