

Creative Easter crafts at The Old Downs Residential Care Home

Last week our residents at The Old Downs Residential Care Home started making their Easter decorations in our craft morning.

They started off by **painting Easter eggs** and making their own craft ideas on cut out Easter egg paper. To finish, they **decorated their hats** ready for the Easter weekend.

Our residents had lots of laughs and enjoyed the social morning of crafts. *We're looking forward to displaying their decorations around our Home for Easter.*
