

Egypt cruise crafts and fancy dress at The Old Downs Residential Care Home

Last week our residents at The Old Downs Residential Care Home took a Nellsar virtual mini cruise to Egypt and had a chance to explore the history behind this fascinating country.

Our ladies and gents started by exploring how **Egyptian pyramids** were built and then had a go at making their own, covering them in gold foil to make them really stand out.

Later, everyone enjoyed an **Egyptian meal** and this was followed by some **dressing** up fun – featuring Tutankhamen and his wife!

We've all had great fun on our cruise!
