

## **Halloween preparation at The Old Downs Residential Care Home**

### **Halloween crafts**

**Last week our residents at The Old Downs Residential Care Home started working on their spooky halloween crafts by painting with pumpkin stencils.**

Our residents really enjoyed creating and using their imagination, while choosing the colours they wanted on their pictures, and they produced some great artwork in doing so!

This week, our residents started making some wool pumpkins in preparation for halloween. Everyone's had lots of fun making their own pumpkins and they were pleasantly surprised at the outcome of their hard work.
