

Residents at The Old Downs Residential Care Home decorate cupcakes

Last Friday at The Old Downs Residential Care Home, our lovely residents joined in to decorate cupcakes together.

We started off by making the icing which was a delicious mixture of **butter, icing sugar and pink colouring**.

Our residents then enjoyed decorating their own cupcakes using our piping bags and adding sprinkles; for some it **brought back memories of times with their families** at home.

The delicious creations were later enjoyed with a cup of tea – *scrumptious!*

We look forward to doing this activity again soon.
