

## Spanish crafts and gardening at The Old Downs Residential Care Home

### Preparing for Spain

Over the last few days our residents at The Old Downs Residential Care Home have been busy preparing for our Spanish themed day.

We have been **painting a canvas** with iconic Spanish references and also creating bunting and various arts and crafts to prepare for the day.

We are looking forward to arriving in Spain on our virtual Cruise – it should be a very special day!

### Enjoying the garden

On Tuesday 13 April we got busy in our garden and our ladies and gents really enjoyed **digging in plants** for our hanging baskets and **planting herbs** in our new raised garden trough.

We planted thyme, dill, parsley, chives, sage and lemon thyme.

Charlie said, "Our Chef will be pleased about it!"

*Great work team!*

## John gets kitted out!

Our resident John loves doing jobs around our **Home** and garden, and this week he received his **new work uniform** to help out our Maintenance Team – smart overalls and boots.

John had a huge smile on his face and said, "Great gear!"

*We think you look fantastic in them John, they'll be no stopping you now!*
