

## **The Old Downs Residential Care Home creates cosy reading nook for residents**

**We've been up to something exciting at The Old Downs Residential Care Home recently – creating a special new space just for reading. We have a lot of book worms here at our Home, so we wanted to create a cosy corner for them. Our new reading nook now boasts bookcases filled with a wide variety of titles, plus comfy chairs, soft blankets, and warming floor lamps.**

From autobiographies and military history to light-hearted novels and magazines, we now have it all in our library and reading corner!

Our residents have been **delighted with the space**, immersing themselves in quiet moments of reading at different times of the day – whether starting the morning with a few chapters, spending a peaceful afternoon enjoying a story, or winding down with 20 minutes before bed. *Whenever the mood takes them, our lovely new reading nook is ready to welcome them.*
