

The Old Downs Residential Care Home residents cruise to France

On Wednesday 9 June we cruised off to France at The Old Downs Residential Care Home from the luxury of our armchairs, and our residents had a lovely day celebrating.

We decorated our **Home** with **French flag bunting, balloons** and **decorative strings of garlic** to get us all in the mood. We also had a variety of **different cheeses and crackers** on offer including; garlic and herb soft cheese, cheddar, smoked cheddar, brie and camembert, which everyone tucked into with gusto!

Our ladies and gents loved listening to '*Paris de cafe*' and sharing their stories about their **holidays to France** from the past.

During the day our residents also enjoyed a **coffee morning in our large front garden**, where they took in the fresh air while sipping a nice cup of English breakfast tea. They had a choice of biscuits and thoroughly enjoyed listening to their favourite music.
