

The Old Downs Residential Care Home residents enjoy Hall Place Gardens and gardening

Hall Place Gardens

Last week we took a trip out to Hall Place Gardens with some of our residents from The Old Downs Residential Care Home.

It was a beautiful blue sky day, as we sat by the river drinking cups of tea or glasses of wine and enjoying some tasty muffins. Our ladies and gents thoroughly enjoyed the **beautiful views** and spending **quality time together**. *They are very much looking forward to doing it again soon!*

Gardening

Our residents decided it was time for some gardening while the **sun was shining** and had a lovely time arranging the **hanging baskets** and some of the **pots** we have.

This was followed by games of **bingo** outside in the fresh air, with **Lexi the dog** enjoying lots of attention from everyone.
