

The Old Downs Residential Care Home residents love Dancing with Berenice

An absolute *must* for us here at The Old Downs Residential Care Home is our regular dance class. We absolutely love 'Dancing with Berenice', and not just our residents and team members, but our family members too!

One of the special things about Berenice's classes is the **friendships** she has built with our residents. She engages with and caters for everyone. **Her classes are so inclusive** and everyone can join in, with something to suit everybody.

During our most recent class, ballroom was the most popular. Every was up having a sway, or joining in from their seats. The joy her classes brings to our residents is so precious to us all. For some, just a simple observation of others taking part brings a smile to their faces. *Everyone knows they're welcome at Berenice's classes!*
