

The Old Downs Residential Care Home residents love Pet Therapy with Daisy

Every Wednesday, our residents spend some wonderful Pet Therapy time with gorgeous Daisy, a beautiful golden retriever who visits our Home with her owner, David. Daisy is the sweetest dog, with a calm and loving nature – and she’s always happy to receive plenty of cuddles and treats from everyone she meets!

She and David make their way around our Home each week, spending time with our residents and sharing a little **warmth and companionship**. Her visits never fail to brighten our day – Daisy’s presence brings comfort and a **real sense of joy** to our Home.

We’re so grateful to David and Daisy for their regular visits and the happiness they bring to us all.
