

The Old Downs Residential Care Home residents picnic in Knole Park

On Thursday 6 January, we went out to Knole Park with a group of our residents from The Old Downs Residential Care Home.

Maintained by the National Trust, Knole is a magnificent 600 year old estate featuring parklands, grand courtyards and an impressive main house.

It was a glorious day with bright blue skies, so we had a very pleasant stroll, taking in the views and getting up close to the **wild park's deer** - beautiful creatures.

After our walk, we tucked in to a delicious **picnic** together, with the Gatehouse and Great Hall as a stunning backdrop.

We all thoroughly enjoyed exploring and picnicking together!
