

Valentines chocolate strawberries at The Old Downs Residential Care Home

We had a very enjoyable Valentine's Day here at The Old Downs Residential Care Home.

Our residents had fun making strawberries dipped in chocolate. They dipped strawberries half in milk chocolate and finished them off by drizzling white chocolate over them. They were heavenly to look at and to eat too!

As part of the day's celebrations we enjoyed some musical entertainment and some of our ladies and gents took to the floor to have a little dance.

Last but not least, our resident Beryl enjoyed a Valentines 'meal for two' with her husband Dave. We decorated their table with hearts and some flowers to make it extra special for them.
